

## PLANET ZUUD

**Definition:**

Planet ZUUD is a newly created world which is going to be stage of a series of hand drawn NFT Collections. It has been designed (Picture-1) according to a Story Line which is going to cover all NFT Collections developed on Planet ZUUD. It can be expanded to support future studies and projects when necessary.

“Planet ZUUD” will be the main brand for all NFT Collections and other products that are going to take place in Planet ZUUD environment.

Picture-1: Map

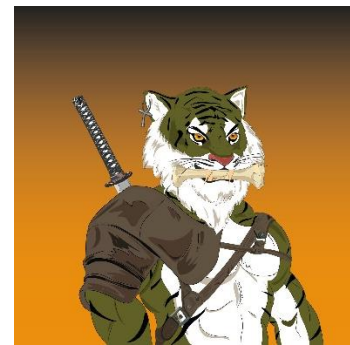

**TIGER WARRIORS – GEN0**

**Definition:**

“Tiger Warriors” is the first NFT Collection designed and developed on Planet ZUUD. It is representing the Tiger Race whose story is going to be the first part of the Planet ZUUD story. It is a unique hand-drawn collection of 2222 Tiger Warriors. (Examples in Picture-2)

Each Tiger Warrior NFT has nine (9) attributes. These attributes are: Body, Cloth, Head, Necklace, Earring, Month, Eye, Weapon and Background.

Tiger Warriors NFT Collection has been developed on BNBCchain.

**NFT Metadata Privacy:**

Tiger Warriors NFT Collection follows the provenance hash solution, the same gold standard that major NFT projects used in their implementation of the NFT mint.

Each NFT image is firstly hashed using SHA-256 algorithm. A combined string is obtained by concatenating SHA-256 of each image in a specific order. The final proof is obtained by SHA-256 hashing this combined string. This will be the final provenance record stored on the smart contract.

**Initial Distribution of the Collection:**

There are 2222 unique Tiger Warriors NFTs. Attribute traits of 9 NFTs out of 2222 are purely unique and custom made (1 out of 1). These 9 NFTs are “Unique Trait NFTs”. Remaining 2213 NFTs of total collection are randomly generated. Distribution details can be found in Table-1 and Table-2.

Quantity	Distribution Detail
8	Will be distributed randomly during the minting process.
1	Will be airdropped for the business development purposes

Table-1: Distribution of “Unique Trait NFTs”

Quantity	Distribution Detail
2154	Will be distributed randomly during the minting process.
34	Will be airdropped to Team Members.
24	Will be used for business development, project development, partnership and marketing purposes.

Table-2: Distribution of “Random Trait NFTs”

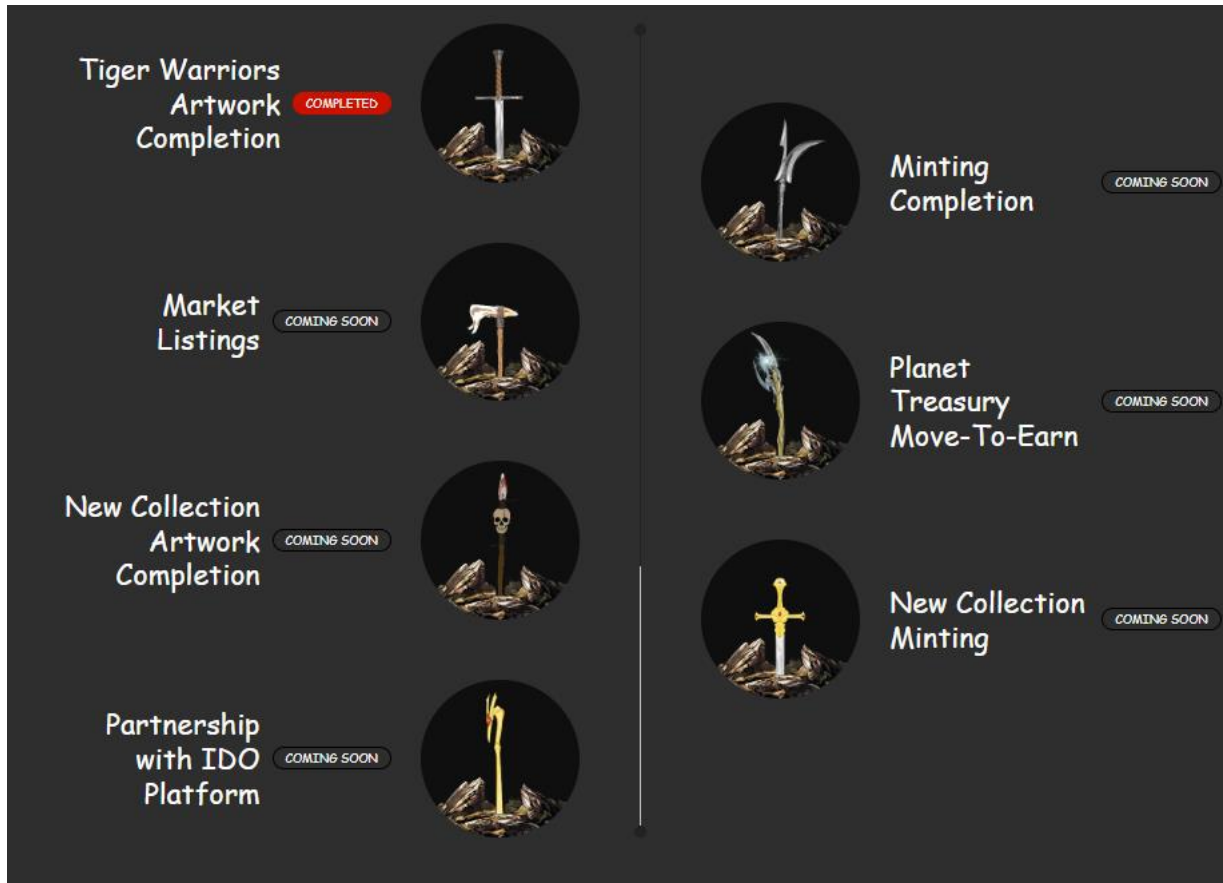

### PLANET ZUUD ROAD MAP

The vision of Planet ZUUD Team is to make “Planet ZUUD” a global brand with various products and a strong community.

All studies are being evaluated and completed in parallel with this vision.

The details of Road Map are showed in Picture-3. This Road Map contains actions that are either completed or secured to be completed.

The team is working on other potential actions (Utilities, Partnerships) that are not yet are not included in this Road Map. They will be shared via Social Media tools once they are ready to be announced.

Picture-3: Planet ZUUD Road Map

## UTILITIES

### **New Collections:**

After Tiger Warriors, new NFT collections will be created and released on Planet ZUUD. Tiger Warrior NFT Holders will have priority to mint future collections and will have discount on minting price.

### **IDO Whitelisting:**

Planet ZUUD has established a strategic partnership with a Launchpad Platform. Tiger Warriors NFT Holders will have chance to be whitelisted for some IDO projects on this Platform.

### **Planet Treasury - Move-To-Earn:**

Tiger Warrior NFTs are going allow its holders to earn income with Move-To-Earn method. (Move-To-Earn method is earning rewards by walking or running.) Each Tiger Warrior NFT is going to have an embedded Move-To-Earn shoe which is called “TigerRunner Shoe” shown in Picture-4.

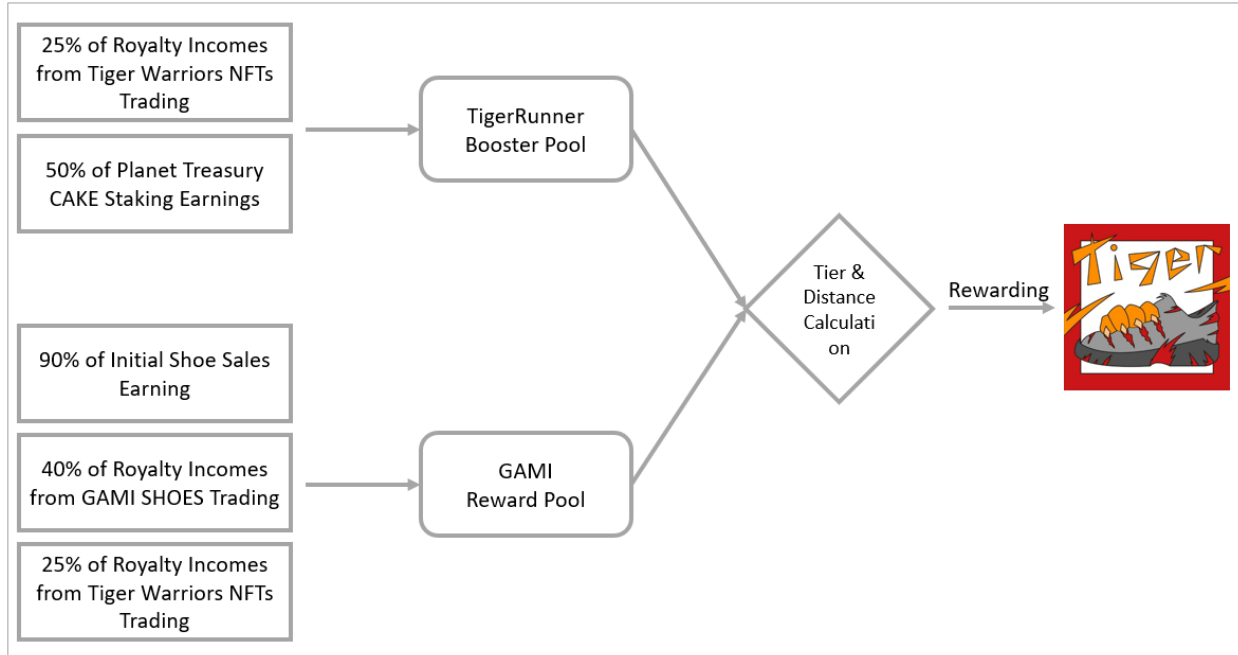

*Picture-4 TigerRunner Shoe*

To bring this utility, Planet ZUUD Team has established a strategic partnership with a Gaming Studio, GAMI (<https://www.gamiworld.io/>). GAMI is going to provide Move-To-Earn service and complete required technical developments for Tiger Warrior Holders.

TigerRunner Shoes is going to be embedded in the Tiger Warrior NFTs. There will be no separate NFTs for TigerRunner Shoes. Tiger Warrior NFTs are going to be used in the GAMI application to start earning Move-To-Earn rewards. TigerRunner Shoes cannot be traded. When a Tiger Warrior NFT sold, embedded TigerRunner Shoe will be automatically transferred to new owner with its Tier Level.

To start earning rewards, TigerRunner Shoe holders should activate their shoes (Tiger Warriors NFTs) in the GAMI Move-To-Earn application. The exact process and the details will be shared in Planet ZUUD website and Social Media accounts.

There will be two separate rewarding pool for TigerRunner Shoes: TigerRunner Booster Pool and GAMI Reward Pool. The structures of these Pools are explained in Picture-5.

Picture-5: Rewarding Pools Details

There are 3 parameters are affecting the daily rewarding of each TigerRunner Shoe.

- ❖ Daily Total Rewarding amount for all TigerRunner Shoes
- ❖ Tier of the TigerRunner Shoes
- ❖ Daily distance completed by TigerRunner Shoes

Daily Total Rewarding amount is sum of TigerRunner Booster Pool and GAMI Reward Pool daily rewards. These rewards are going to be calculated according to total number of shoes and the maturity of the pools. Calculation methods may be optimized depending on the data gathered.

TigerRunner Shoes will have Tier system which is going to promote to use TigerRunner shoes. Each shoe will have a Tier depending on the total distance they have completed. And each Tier will have a different reward multiplier. Higher Tiers will receive higher rewards from the Daily Total Rewarding amount. Unique Trait NFTs will receive Premium Speaker with higher reward ratio. The multiplier details of the Tier system are shown in Table-3.

Sneaker Name	TIER-1	TIER-2 (150 KM)	TIER-3 (375 KM)	TIER-4 (750 KM)	TIER-5 (1500 KM)
TigerRunner	0.24	0.30	0.48	0.60	0.72
Premium	0.5	0.62	1	1.25	1.5

Table-3: Tier Multipliers

Daily distance completed by TigerRunner Shoes is another parameter affecting the total Move-To-Earn reward. Besides determining the Tier of The TigerRunner Shoes, daily completed distance is also going to be used in calculation of daily reward of the shoes. The maximum daily distance for shoes is 15 km.

**Future Utilities:**

Planet ZUUD Team is building more utilities for Planet ZUUD and for Tiger Warrior NFT holders. Related announcement will be shared in Social Media channels once they are confirmed.

### DISTRIBUTION OF INCOMES

In parallel with the project vision, Planet ZUUD Team is using its sources in maximum level to develop Planet ZUUD and Tiger Warriors brands and products. And as a policy, The Team is going to be fully transparent about how resources are being used.

There are three main income channels for Planet ZUUD project. Distribution details of these income channels are shown in Table-4, Table-5 and Table-6. There will be other income channels in the future derived from new products and new activities. And distribution for these income channels will be shared with community once their details finalized.

Income	Distribution Detail	%
Minting Income	Project Development - Art Design and Development Activities	13%
	Project Development - Block Chain Development - Minting Activities	2%
	Project Development - Future Product Development Activities	7%
	Marketing Activities	1%
	General Expenses	2%
	Planet Treasury - TigerRunner Shoes Partnership, Rewards and Development	25%
	Planet Treasury - Cake Staking Pool	50%

Table-4: Distribution of Minting Income

Income	Distribution Detail	% In Total Trading Volume	%
Royalty Income (8% of Trading Volume)	TigerRunner Booster Pool	2%	25%
	GAMI Reward Pool	2%	25%
	Team Members	4%	50%

Table-5: Distribution of Royalty Income

Income	Distribution Detail	%
Cake Staking Pool Incomes	TigerRunner Booster Pool	50%
	Team Members	50%

Table-6: Distribution of Cake Staking Pool Incomes

### **FINAL NOTES**

*All the rights of; Planet ZUUD and Tiger Warriors NFT Collection brands, drawings, documents, websites contents, social media contents, stories and characters belong to Planet ZUUD organization. They cannot be distributed or used in any form without confirmation of Planet ZUUD Team.*

*All the rights of individual Tiger Warriors NFTs belong to their holders.*

*The details of this document may change because of new inputs. Planet ZUUD Team is going to update it accordingly if necessary and share it with Planet ZUUD Community.*

*For announcements and for more details, Social Media Channels (Twitter, Telegram, YouTube) can be used.*

*Planet ZUUD Team aware of that The Planet ZUUD Community is the most important asset of the project. Every action and plan will be evaluated to maximize the benefits of The Planet ZUUD community. It will have a story built by the community. Join to adventures of the New World. Join to The Story of Planet ZUUD!*

# PLANET ZUUD

*“Some planets are destined to be known.*

*Some stories cannot be untold.”*
